

Principles and Practice of Engineering Examination Passes

Dear Examinee:

The North Carolina Board of Examiners for Engineers and Surveyors offers congratulations upon passing the Principles and Practice of Engineering Examination and meeting the legal requirements for professional licensure in North Carolina.

You are hereby entitled to practice your profession and use the title **Professional Engineer** in the State of North Carolina.

Your official paperwork, pocket card and *Certificate of Licensure* will be forwarded to you by mail.

For the Board,

Andrew L Ritter
Executive Director
